

MAY

Impact Report

#CollaborateForImpact

THE FIFTH STEP

As the quest to collaborate for impact continues, I am delighted to walk you down the memory lane of the month of May, which came with lots of highS for our National Organization, after the success of the 2020 JCI Nigeria Southern conference in April.

Baba & Yara Sports Competition

On the first day of May, I joined several active citizens in the city of Abuja for the 9th Edition of the Annual Baba & Yara Sports Competition hosted by JCI Aso. It was a fun-filled event for all JCI members across Nigeria who were in attendance. The event came with lots of activities which I participated in, and it was another opportunity for our members to keep fit.

President Abayomi Goes Home

As the month of April drew its curtains, it went along with a shining star. On the 30th of April, we received, with great shock, the news of the death of JCIN Amb. Abayomi Martins Adegbite. Until his death, Abayomi Adegbite was the President, JCI Rock City. I joined members of JCI Rock City at the evening of tribute held in his honour on the 16th of May to show my last respect to a man who embodied the organization values.

Young CEO Forum

It was another great moment for our National Organization, as I was invited to participate at the Inauguration of the **Abuja Chamber of Commerce and Industry Young CEO Forum** on the 20th of May. The Young CEO Category is the fifth category of membership at the Chamber. This category comprises of a group of forward-driven young entrepreneurs with the common interest of advancing businesses of young persons, creating jobs, and promoting modern business techniques.

The ACCI Young CEO category will create a platform for young businesspersons to be mentored, inspired, trained, and empowered by the Chamber's top executives. They will also enjoy the enormous benefits of being a member of the Chamber.

We believe that this new category will contribute significantly to supporting the young business community. We hope that with our partnership sealed with Abuja Chamber of Commerce, our members will benefit from these numerous opportunities.

Courtesy Visit and Partnership

On the 3rd of May, my team and I were hosted by the **Federal Road Safety Corps** at their headquarter in Abuja to discuss one of our signature projects for the year, which is **Defensive Driving**. We had a successful presentation with the Corps and the Corp Marshal agreed to partner with JCI Nigeria to increase awareness on proper road usage to curb road accidents and to induct interested JCI Nigeria members as road safety Corps (voluntary service) to help at the instance of traffic congestion.

May 11th presented us with yet another milestone. **Nigerian-German Chamber of Commerce** and JCI Nigeria agreed to partner in areas of mutual benefit. The Nigerian-German Chamber partnership seeks to create numerous opportunities in **internships and trainings** for Collegiate members, as well as educative fora and access to business development opportunities for JCI Nigeria members at large.

On May 14th, I led a team of JCI Nigeria Board members to meet the management of **Wider Perspectives** on how best we can strengthen our collaboration in the areas of trainings and other development opportunities. JCI Nigeria will be making another round of visit to the management to seal the partnership.
